# Basic Licence

## Newspaper Titles

The Basic Licence gives all organisations permission to make occasional copies from all national and five regional newspapers.

Occasional copying includes:- photocopying and printing of articles, to scanning and emailing the occasional article to a colleague.

Organisations that require cover for greater than five regional titles can select from a range of titles, shown in the table below.

To determine your organisation's Basic licence fee, please select your headcount and/or turnover, from the first 2 rows of the fee table. Then choose the number of regional titles from the first column. Finally, read across to find the fee payable which is the lowest of headcount or turnover.

### Specialist / Foreign Titles

In addition to UK newspaper cover bandings above right, specialist and foreign titles may be added. Details of the tariff for these can be found at [www.nla.co.uk](http://www.nla.co.uk).

## Magazine Titles

In addition to newspapers, organisations can add magazine titles to their Basic licence in the same way. The fees are shown in the table to the right.

### Premium Magazines

You can also elect to add premium magazines. For each premium title you wish to copy from an additional 10% of your basic newspaper occasional copying fee (the first line fee - not the additional banding fee) is charged.

You can find the complete list of all newspapers, magazines, specialist, and foreign titles on [www.nla.co.uk](http://www.nla.co.uk)

For non-UK licensees – payment to be made in pounds sterling at the exchange rates applicable on date of payment.

### Worked example

An organisation with 25 staff and a turnover of £7m would pay a **basic licence fee of £274.00 per annum**.  
 If 10 regional newspapers are needed, the fee is **£285.00 per annum**.  
 If 20 magazine titles are also required the fee is **£285.00+£65.00= £350.00 per annum**.

# Need to do more with the content?

If you want to circulate content more widely and more frequently, such as daily press alerts, within your organisation, you can supplement the basic level of copyright cover by adding 'Frequent' copying to the licence.

Frequent copying is defined as regularly repeated copying which often involves the sharing of articles to a defined distribution list. So, whether this is done in-house or you receive and distribute content which you get from a third party such as a media monitoring or public relations agency, you would need one of the licence additions.

The frequent paper and/or digital fees are in addition to the basic licence fee and include cover for (but not limited to):

## Frequent Paper Copying

- Photocopying or printing a set number of copies of each article you use
- Frequently photocopying or printing out articles which you receive from a third party

## Frequent Digital Copying

- Scanning and emailing articles to your staff
- Placing articles on an intranet or shared drive for your staff to view
- Allowing your staff to access articles via your media monitoring service
- Emailing articles, which you receive from your PR agency, within your organisation

There are three digital options available:

**The Variable Option**, suitable for the majority of organisations, is calculated on a price per copy basis.

The **Fixed** and **Universal Options** are suitable for organisations wanting to undertake higher volumes of digital copying. Please see overleaf for more details on these two options.

## Worked example

### Frequent Paper Fee

If an organisation photocopies five articles to five staff over a two week period:

5 articles x 5 copies x 26 x 4.6p = £29.90, **in addition to the basic licence fee.**

### Frequent Digital Variable Fee

The variable option is calculated in the same way. So if 25 newspaper articles were emailed to 10 staff over a two week period:

25 newspapers articles x 10 staff x 26 x 11.5p = £747.50 per year, **in addition to the basic licence fee.**

And if 10 magazine articles were emailed to 5 staff over a two week period:

10 magazine articles x 5 staff x 26 x 11.5p = £149.50, **in addition to the basic licence fee.**

## Frequent Paper Fees

Photocopied articles are priced in pence per copy.

The frequent fee is calculated by multiplying the annual volume of copies by the price per copy.

Category	Price per Copy
UK National & Regional Newspapers	4.6p
Specialist & Foreign Newspapers	9.2p
Magazines	4.6p
Premium Magazines	9.2p

## Frequent Digital Fees Variable Option

Digital articles are priced in pence per copy.

The Digital Variable fee is calculated by multiplying the annual volume of digital copies by the price per copy.

Category	Price per Copy
Newspapers & Magazines	11.5p
Premium Magazines & Foreign Newspapers	23.0p

**Please note:** a Minimum fee applies to both the newspaper (£694) and magazine (£91) variable tariff. Newspaper and magazine clippings volumes are separate and cannot be combined.

### Fixed Option Fees - Newspapers

If your organisation subscribes to a media monitoring service and/or wants to share clippings with a select number of staff then the Fixed tariff is available for those organisations wishing to control costs and manage circulation.

To determine your organisation's Fixed fee, select the number of staff permitted to receive content (permitted users) in the top row of the table below, and your staff headcount in the left hand column. Please note that this tariff has a volume limit of 500,000 copies.

## Indemnity - protection against previously unlicensed copying

NLA can cover you for previous years unlicensed copying in the form of an indemnity.

In accordance with the Limitation Act 1980\*, NLA is entitled to collect licence fees for a maximum of six year's previously unlicensed copying. This is referred to as full indemnity as it covers your organisation for all copying ever undertaken.

Please advise the NLA of the date when your organisation commenced copying. We will arrange the appropriate cover for that period.

The Indemnity fee is a one off payment and is calculated based on today's annual licence value.

#### Worked example

A company has copied 6 months prior to their initial licence application.

Annual licence	£1,000
Six months of unlicensed copying (£1000*50%)	£500
