The pricing of these titles varies depending on the title, with the price to the MMO worked out using the following table:

BAND	A	B	C	D
eCw clients	<100	101-1000	1001-2000	2001+
Single user subs fee x 5 or £1000 (whichever is higher) plus the following percentage:	20%	30%	40%	50%

For example, if an MMO has 105 eClips Web clients and the subscription fee for their chosen title is £250 they will pay (£250x5) = £1250 + 20% = £1500 per year.
