

NLA licences and what they cover

NLA media access offers a variety of licences depending on the nature of your organisation and the rights you require. For example, if you wish to host content on your website or social media channels, you would need our Corporate Website Republishing Licence (CWRL), or if you are a PR Agency sending content to your clients, you would need our PR Client Service Licence (PRCSL).

If you copy paper, print or website articles from NLA titles you may need to choose either the Business, Web End User, or Simplified Licence. The table below compares the key rights and allowances of each of these to help you make an informed decision about which licence best suits your requirements. If you have any questions, your account manager can help.

	Business Licence	Web End User Licence	Simplified Bronze	Simplified Silver	Simplified Silver +	Simplified Gold
