Simplified Licence

The Simplified Licence allows you to make or receive web, digital (e.g. scan, email, PDF) and paper copies from all newspapers, magazines and websites represented by NLA media access. A list covering all of our publications can be found at www.nlamediaaccess.com/title-search

This licence is designed to be flexible and easy to understand. There is no need to specify how many titles you are copying from and you won't be charged per user or per copy. There are four levels to choose from and fees are calculated by means of simple usage bands.

Three factors determine your fee:

1. Licence level

Choose bronze, silver, silver plus or gold.

2. Quantity

Choose low, medium, high or very high.

3. Staff band

Choose your band from the price table.

Step 1. Licence level

Medium	1,000	9,999
High	10,000	99,999

Notes:

*Refer to "Occasional" and "Frequent" definitions in the terms and conditions

** Digital versions of print articles (e.g. scan, email, PDF)

*** An external recipient is defined in terms and conditions as one that provides a professional service to the licensee

N.B. NLA does not license non-UK users of web media monitoring services, so please exclude any such users from your recipient numbers when selecting licence level.

Indemnity - protection against previously unlicensed copying

NLA can cover you for historic unlicensed copying in the form of an indemnity. This legitimises earlier activity and is calculated using the current Price List.

To confirm the indemnity fee payable, please advise NLA of the date on which your organisation's copying commenced (noting that indemnity fees are subject to a maximum duration of six years in accordance with the Limitation Act 1980*).

If your organisation's copying habits or licence coverage details have changed over the applicable time, please provide further information regarding such variation, as this may increase or decrease the fees quoted.
